FROM THE FOUNDER TRUSTEE

I am incredibly excited to share our 2019 Annual Newsletter with you. In the course of the year, the number of children who were able to access our services increased by 80%! Many more children are speaking up about their abuse and getting all the help they need.

We were thrilled to open a Child Community Centre in the heart of Ajegunle. This will provide free and easy access to protection, information and emergency intervention within the community to make it free of child sexual abuse. We also opened our doors to our child shelter which provides a safe place for children suffering from sexual abuse who are in unsafe environments. Exciting plans are also underfoot to open our new Child Advocacy Centre in Abuja in the first quarter of 2020.

We were delighted to expand our partnership base and we are proud to have become a UNICEF implementation partner. We also have expanded our adult prevention efforts with a rigorous Child Protection and Safeguarding Program for educational professionals, since children spend most of the time they are awake in school.

We thank you all for supporting us this year and we look forward to an even more fulfilling and productive 2020!
